

BALER WRAPPER

Enorossi Mounted Bale Wrapper BW 100 EVO

The Enorossi Mounted Bale Wrapper BW 100 EVO is a compact, satellite-mounted wrapper designed for efficient wrapping on the move. With a self-loading system, automatic wrapping control, and electronic film cutting, it ensures consistent, high-quality results.

Featuring semi-automatic bale centering, vertical bale tipping, and an electric control unit, it offers easy operation and reliable performance, making it ideal for fast, efficient bale handling in the field.
