

Soilmaster Fertiliser Spreaders

These fertiliser spreaders are manufactured in two models, the 800 l and 1000 l.

Spreading can be easily adjusted by means of a mechanical lever.

Its wheeled design ensures easy transport.

OPTIONAL:

Remote control with hydraulic cylinder.

Model	Discs	Type	Max Load
800L	Double disc	Mechanical / Hydraulic	750 kg
1000L	Double disc	Mechanical / Hydraulic	950 kg
